3.Technical Specifications

Model:	A5 Series
Applications:	Roads, cycle paths, residential areas, parking lots, industrial sites
Mounting:	Adjustable bracket
Brand of led chip:	Philips 3030
Color:	Grey / Silver
Input Voltage:	198-264VAC 50-60HZ / AC90-305V 50-60HZ
Ambient temperature:	-30°C ~ +60°C
Cable Length:	30cm 3G1.0 cable
Watts:	50W, 80W, 100W, 150W, 200W
Beam Angle:	type 2m / type 3m / type 4s / 90° / 60°
Luminous Efficiency:	120Lm/W; 150Lm/W
Driver:	Meanwell
LED load:	150mA
Lumen maintenance:	> 50,000hours
Other Functions:	DALI dimmable / 0-10V dimmable, camera, PIR or photocell are all available
Protection Rate:	IP66
IK class:	10
Colour Temperature:	3000k / 4000k / 6000k
Packing unit:	1 piece

4.Introduction

Street Light

LED street lighting is increasingly used for lighting roads, cycle paths, residential areas, around public buildings, business parks, parking lots, etc. By placing the STA street lights fixtures, light pollution and energy consumption can be reduced. Completely designed, this makes it also possible to produce custom luminaires which meets all the requirements of a project.

Philips 3030 & Philips5050

The STA are equipped with the most reliable LEDs available. These High-power LEDs do not suffer from the same lumen depreciation and chromaticity shift issues as plastic-packaged low- and mid-power LEDs. The STA have demonstrated superior lumen maintenance and color stability in the majority of lighting applications, and can deliver on the promise of long-term color, cost, and energy-saving performance.

MeanWell Driver

The STA street lights are designed for maximum flexibility. Assembled with a programmable DALI or 1-10V driver inside the STA are the choice for customers who want to make their luminaires suitable for many applications. 5-step Dyna Dimmer, Constant Light Output, Module Temperature Protection can be integrated. DALI or 1-10V Drivers are specifically designed to deliver reliable performance and protection while meeting the strict performance, approbation and application requirements.

High Quality

Completely designed in the Europe, by using only components and parts of the highest quality the STA has an exceptional life time, low maintenance and high energy efficiency with an excellent lighting quality.

5. Product Dimension

Item Code	Size A(mm)	Size B(mm)	Size C(mm)
